

Minnesota Boiler Operator's Special License Information Meeting

Training Outcomes

- Understand safe operation and maintenance of all low pressure boilers.
- Become familiar with Minnesota Boiler Licensure requirements.
- Recognize the major hazards associated with boiler operation and the ways to prevent them.
- Have a working knowledge of boiler water treatment programs, chemicals and equipment.
- Be able to troubleshoot basic boiler problems before they become boiler failures.

The class is specifically designed for maintenance personnel in plants, facilities and commercial buildings .
