

**NEW – REVISED**  
***CDL Class A and B***

Through feedback from our students of the 70 Hour Class A Commercial Drivers License (CDL) program and the CDL Advisory Board the decision was made to increase the program from 70 Hours to 110 hours. This will increase the classroom portion to 60 hours (from 40) which will include preparation time for obtaining the CDL permit and additional time for pre-trip information for the practical test. Simulator time is staying the same at 10 hours. It will also increase the behind the wheel to 40 hours (from 30). It has been determined that at 40 hours most people are ready to be a safe and productive driver.

**New Pricing**

Class A - \$3200

Class B - \$1500
