

Basic Welding/Metal Fabrication

**Dates: March 19 through
April 17, 2018**

(Mondays and Tuesdays)

**Time:
6:00 P.M.-10:00 P.M.**

**Location:
Hibbing Community College
Room B – 114**

**Instructor:
Rick Mayerich**

Cost: \$400.00

In this 40-hour course students will become familiar with and develop skills in oxy-acetylene cutting, stick welding (all positions), some mig, tig, and pipe welding. Welding theory and welding symbols will be covered. This class is designed for all levels, from the beginner to the experienced. Students will fill out an assessment at the beginning of class to set goals and objectives so individual goals can be met. Safety will be stressed.

Supplies Needed: Personal Protective Equipment (PPE) are expected to be worn by all students for the class. Items needed for the second day are: chipping hammer, wire brush, welding jacket, gloves, helmet, and safety glasses.
